Home Of The Dallas Cowboys

Story by Rubye Musser, Photos by Lifer

Be aware of the heat when driving your car or just out shopping or whatever.

In the heat of July, we decided to visit the “Star” Complex, home of the Dallas Cowboys in Frisco, Texas. Our drive there and back on different roads was a treat to be out and about. So, sorry if you missed our outing to the “Star” Complex and our hamburger lunch at the Liberty in Frisco.

We had an excellent tour guide, Allisa Storey, explaining the home of the Cowboys and their workout area. It was very interesting. It is a huge area covering, I believe, 96 acres.

We had two brave souls that ventured out in the heat to drive his red 1970 convertible to the event—Chris and Tammy Jenson. Along with Doug and Kathleen Ashby in their 2006 XLR. It was good to see our newly married couple that just relocated to a new house up in the far north Dallas area, Bill and Harriet Levy. Also present were Jim and Judy Hanson, Randoll and Joyce Reagan, Rubye, and Virginia Andrews.

We are still hearing good reports of the CLC Grand National in San Marcos. Hope you read the article that Bill Kaufman wrote last month. We are very proud that NTX was well represented and encourage more to attend in the future.

Please continue to support and drive along with us in the coming months. We always have fun and enjoy our get-togethers and also our cars.

Allanté Atlanta Car Club Annual Fall Cruise

October 19, 20 and 21, 2018

Can you feel the crispness in the air and the crackle of multi-colored leaves underfoot? Take a deep breath and smell the cleanness of mountain air and peaceful murmuring of a nearby creek. Can you hear the leaves falling ~ No, not yet! It is still summer! Well, four years ago (October 2014) the Allante' Atlanta Car Club (AACC) and invited guests (48 of us) caravanned to Little Switzerland, NC for a weekend of Allante' / XLR driving, good food, drinks and fellowship. We stopped at Chimney Rock State Park for lunch and fun on the mountain. Unfortunately this year the **Chimney Rock State Park is closed due to a collapse of their mountain top parking level. We don't expect reopening this year.**

But that change just gives us an opportunity to explore other areas of Western North Carolina....so the Allanté Atlanta Car Club and all our invited guests will be caravanning to Dillsboro NC starting at 9:00 AM, Friday October 19th to explore the Village and the surrounding area. And yes, retail therapy is included. The trip will take us about 2-1/2 to 3 hours, with breaks and heavy leaf-looker traffic. We will have lunch in Dillsboro at the Jarrett House around 11:30 am departing around 2:30 pm. Tentative arrival at the Switzerland Inn is 4:30 / 5 pm. The Allante' Atlanta hospitality will start around 5:30 pm followed by dinner around 7pm.

NOTE: During the popular October "Leaf Season," all hotel/motel rates are higher and not always available.

The Switzerland Inn is a favorite for car clubs of every make, model and style. If the weather is nice (not too cold, not too hot), we may be able to have an impromptu car show on the slopes of the Inn. The rate for the AACC and our guests in the Lodge is \$209/night for non-mountain view and \$239/night for mountain view. The Switzerland Inn also has suites in the chalets at \$299/night if desired. We will have dinner at the Inn that night.

Attractions in Little Switzerland include the artisan shops near the Inn, Emerald Village with cave and mine exploration tours, searching for emeralds, and an exciting drive on the famed "[Diamondback Motorcycle and Sports Car Route](#)." The Diamondback is 12 miles of "sweeping curves, amazing scenery and cool mountain breezes." Oh yes, it is loaded with switchbacks, s-curves and two lanes of smooth, well-marked pavement--NC 226A. This will be a great opportunity to show off our Allantés and stretch our driving skills. Woo hoo!!

We will drive sections of the [Blue Ridge Parkway](#) that has spectacular scenery for fall leaf colors with great scenic overlooks to stop and enjoy great opportunities for awesome photography. **After we drive the Diamondback and get our heartbeats back to normal we'll head back on the Blue Ridge Parkway.**

We will return to the Switzerland Inn by 5pm to enjoy some rest before drinks and dinner at the Chalet Restaurant at 7 pm where we can order off the menu. After dinner, we can relax by the fire pit on the deck to share our tales of adventure--some driving with other guests (motorcyclists, other car drivers, each other).

We will depart Sunday morning after breakfast for home, unless you wish to extend your visit in the NC Mountains.

Attached is a **reservation form** to confirm your participation in our drive, and dinner Friday and Saturday nights at the Switzerland Inn (the Inn needs a head-count to sufficiently provide fresh and delicious menus). The **Registration Fee**

of \$30 will cover the expenses for your Registration Packet and gifts from your hosting Club, Allanté Atlanta Car Club.

You will make your own reservations at the Switzerland Inn. For those driving up or down to the Atlanta area on Thursday, we will provide rates and hotels near our **rally point for your overnight stay**. Additional information will be forthcoming within the next few weeks.

If you have questions, please contact **Paula Vopelak at 404-788-6121 or at vopelakp@bellsouth.net for information**. The Atlanta Allanté Car Club is looking forward to hosting our Allante' friends from Illinois, Florida, North and South Carolina, Tennessee, Alabama, Texas and Georgia. **All Allante' owners and Cadillac LaSalle members are invited to join us for the drive and weekend. A full itinerary will be emailed to everyone registered no later than mid-September. Route maps will be provided at our Rally Point at our Drivers Meeting and at Dillsboro for those meeting us there.**

1948 6207 Cadillac Coupe (Series 62 “Fastback”). The car is in good condition and well maintained. The car belonged to the late North Texas member Jess Shyrack, and it would be a plus to “keep it in the family.” The ’48 has been designated as a Milestone Car as this model was the last to have the

Flat Head V-8 motor and the first to have fender fins. All woodgrain on dash and garnish moldings have been refreshed in excellent quality.
